Darwin Day is an international celebration of science and humanity held on or around February 12th, the day on which Charles Darwin was born in 1809. Specifically, the event celebrates the discoveries and life of the man who first described biological evolution via natural selection with scientific rigor. More generally, Darwin Day expresses gratitude for the enormous benefits that scientific knowledge, acquired through human curiosity and ingenuity, has contributed to the advancement of humanity. This will be a memorable event for all, and everyone is guaranteed to go home smarter, or at least knowing more than when they arrived!

For more information contact the Southern Connecticut Darwin Day Committee by calling John Levin at 646.371.9280 or emailing him at jlevin@tfm-llc.com, or emailing Craig Tomarkin at ctomarkin@aol.com.
